A kid's life in ancient times might sound fun what with all that brilliant sunny weather and exciting festivals, but actually life could be pretty hard. In this hilarious event, with award-winning Chae, you will learn just how tough life could be from being cursed to snacking on maggots to embalming the dead. This event is a mash-up of reading, singing, quizzes and dodgy 'facts'.

**Wear Your Identity
T-shirt making workshop
with Moray Wellbeing Hub**

ALL AGES / LIMITED AVAILABILITY

Are you a neurodiverse person? Want to explore your identity in a positive and creative way? Then join us for this fun and interactive t-shirt design workshop.

Neurodiversity is a positive term to describe people with learning and thinking differences, folk who may have received medical labels such as autism, dyslexia, ADHD, dyspraxia etc, and those who don't quite fit criteria yet feel 'different' to neurotypical norms. Using this word can help reduce stigma around the range of brain differences humans can have, it sidesteps a need for focusing on a diagnosis and provides a wider term people are increasingly comfortable to use.

Pre-order your t-shirt and art pack in advance and then join our artist, Fiona Percy for a virtual get creative session where you explore how you would like to tell others who you are.

My Friend Selma with Victoria Beesley Episode 1

P4-7

This is the story of a conker that never fell, an interrupted stethoscope, prayer beads, water splashing in a face, cat with no home, a car, a mask, a party hat, a pair of swimming pants, a flying pool ball, a letter, and a photograph.

Mostly it's the story of a girl called Selma and her remarkable real-life story of her journey from war in Bosnia to safety in the UK. It is the tale of an incredible journey, a world turned upside down, loss, friendship, courage - and conkers. It is also the story of Scottish based writer, director and performer **Victoria Beesley**. Join her as she talks about the story behind the play and how she came to meet and become the friend of the remarkable Selma. Over three episodes, this is the perfect exploration of war, displacement and the human cost told against a backdrop of humour, empathy and kindness.

Vickie is the Associate Director for Learning and Engagement at Horsecross Arts in Perth. She also writes and directs touring theatre productions across Scotland and the rest of the UK, usually inspired by real-life stories, for audiences of children, young people and adults.

The True Story of Rosa Parks with Lauren Burke

P5-7

Lauren Burke says "They won't tell you this in school..." is how my parents, grandparents, aunts, and uncles began a lot of sentences. What usually followed was an uncomfortable truth, a painful memory, or lesson. In my experience, Black history is mostly an oral history passed down in the community via elders. Once, at a National Association for the Advancement of Coloured People (NAACP) event, my father instructed me to pay close attention to a speaker who began their talk by saying, "They won't tell you this in school, but Rosa Parks was a radical." Join American writer and illustrator, Lauren Burke as she introduces her graphic novel *It's Her Story: Rosa Parks* celebrating a lifetime of activism versus a single moment in 1955 when Rosa Parks was arrested for refusing to give up her seat on a Montgomery bus to a white passenger. Rosa's story takes in late nights, setbacks, and moments of doubt but also provides a vital understanding that while change is possible, it doesn't happen overnight. You have to put in the work.

Liz has done hundreds of school events during her career as a children's author and talks sensitively and age-appropriately about this topic. Farewell Tour of an Eternal Optimist with John Young

S1-3

Join author John Young as he introduces his novel, *Farewell Tour of an Eternal Optimist*. The story takes the reader on a thrilling journey across Scotland through the eyes of young cancer sufferer Connor Lambert. The very boy who tormented him at school, known as Skeates, accompanies him. They go from hate, to mistrust, to liking each other and ultimately to a point where Connor is relying on Skeates in the end. This is a surprising tale full of excitement, unexpected twists, turns and important life messages throughout.
